NORPRO COMPANY ANNOUNCES NEW VICE PRESIDENT

SAULT STE. MARIE, ON (November 10, 2020) — NORPRO Company, Northern Ontario's leader in security, technology and information technology services, is excited to announce Dan Hollingsworth as the company's new Vice President.

Hollingsworth brings a wealth of experience to this new role with a solid background in business development, execution of strategic initiatives, management, and marketing. Prior to his position at NORPRO, Dan led the Sault Ste. Marie Economic Development Corporation as the Executive Director and subsequently managed the Corporation of the City of Sault Ste. Marie's Economic Development division. Additionally, Dan was responsible for the Tourism Sault Ste. Marie portfolio. Previously, Dan worked at FedNor Industry Canada for 13 years. During his term with the federal government's Northern Ontario Economic Development Organization, he was responsible for the development of key portfolios and developing community-based initiatives.

"We are very excited to have Dan join our team," says Brad Gregorini, President of NORPRO. "His innovation, initiative, and dedication to the community closely align with our company's values, and his skills and experience in business development will be a major asset to our company's growth in the years to come."

As Vice President, Hollingsworth will be responsible for the execution of corporate development and the growth of the portfolio of companies. Dan will also lead the company's rebranding efforts, including the transformation of NORPRO into an integrated solutions provider.

"I am excited to be joining a dynamic organization that is one of Canada's fastest growing companies" said Hollingsworth. "The opportunity to work with a team that has tremendous potential to grow beyond Northern Ontario is both inspiring and exciting".

Originally founded in 1980 as a security firm, NORPRO has expanded to become an industry leader as an all-encompassing innovative solutions provider throughout North America. They provide an array of services to clients ranging from one-time security guards to packages that utilize their full health, safety, and security expertise.
